School is sometimes continuous outside of classrooms. Such as an art class working outside. Students do not lose contact with the outside world during school hours.

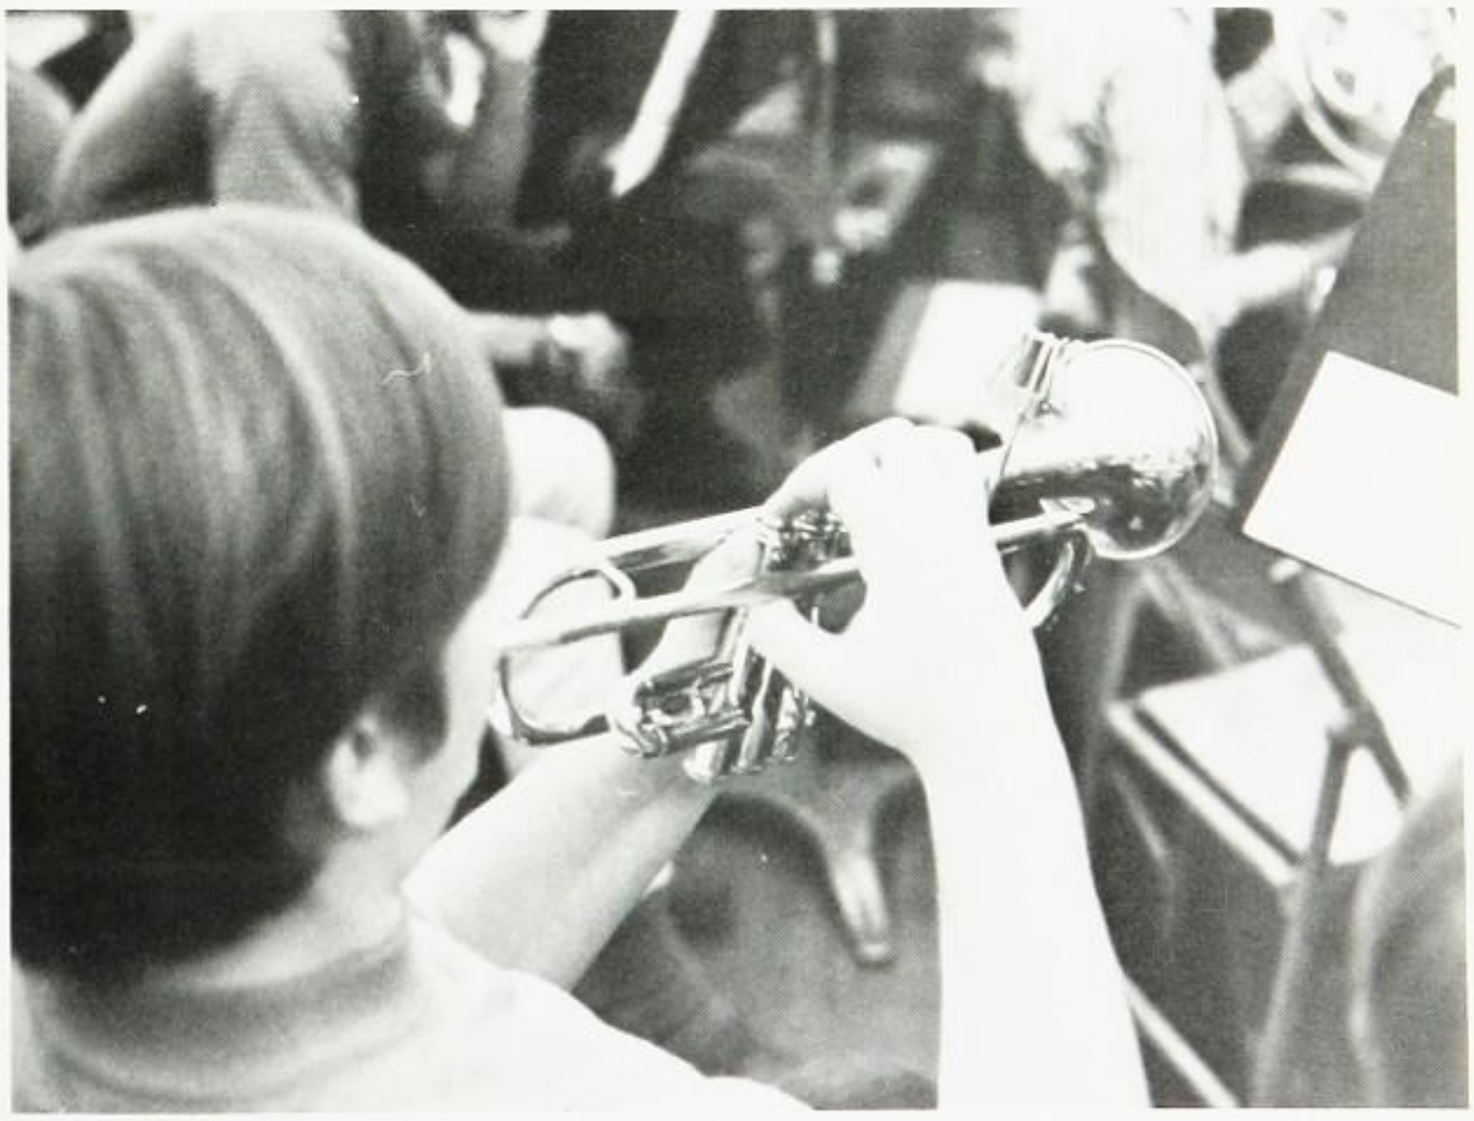
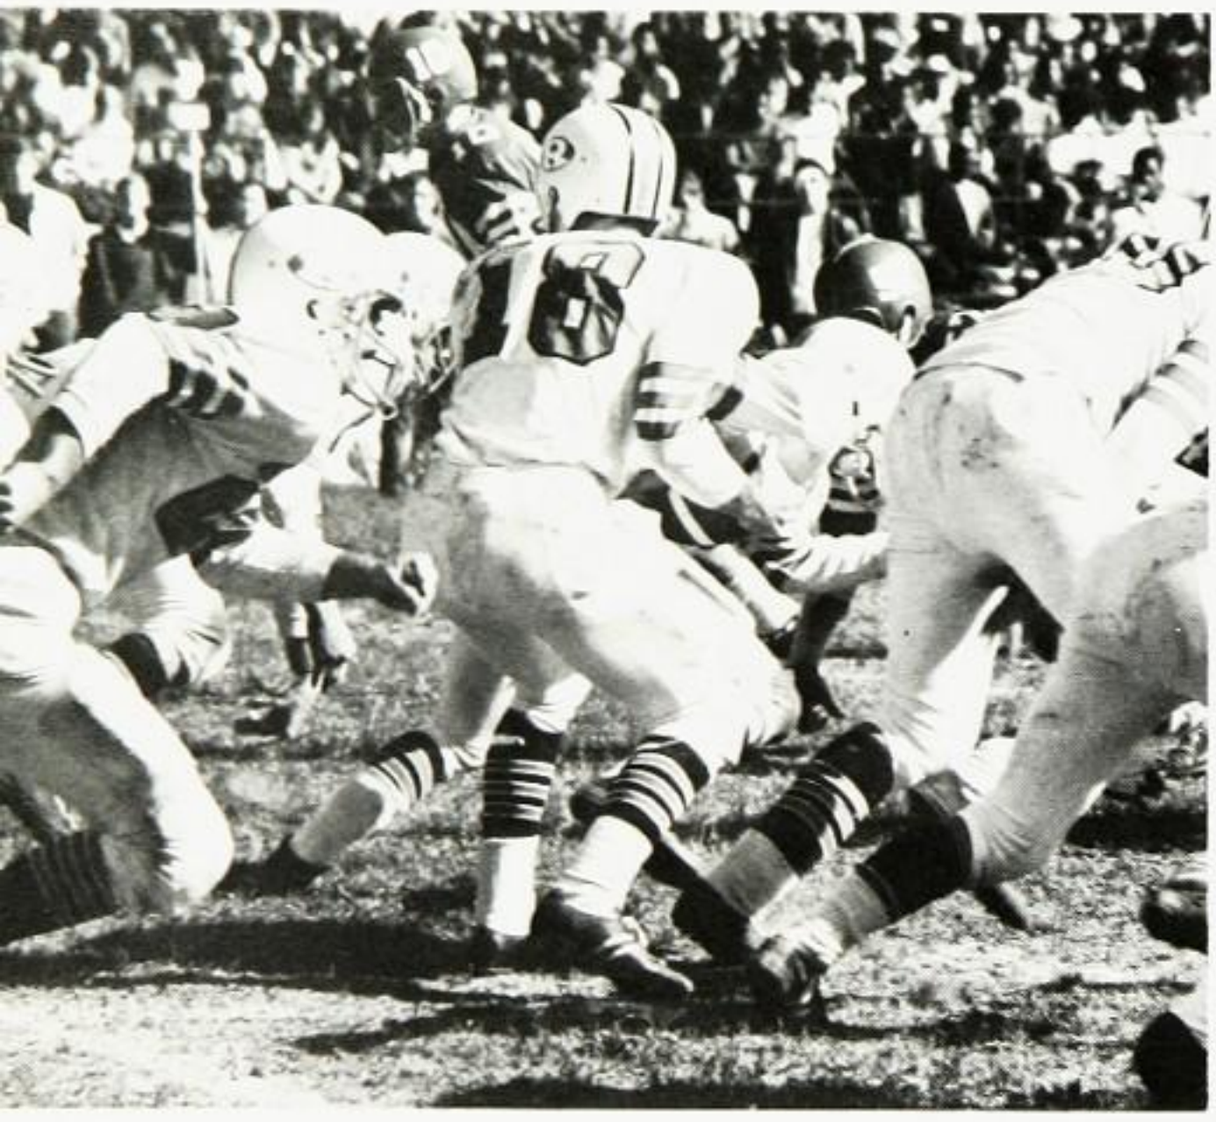
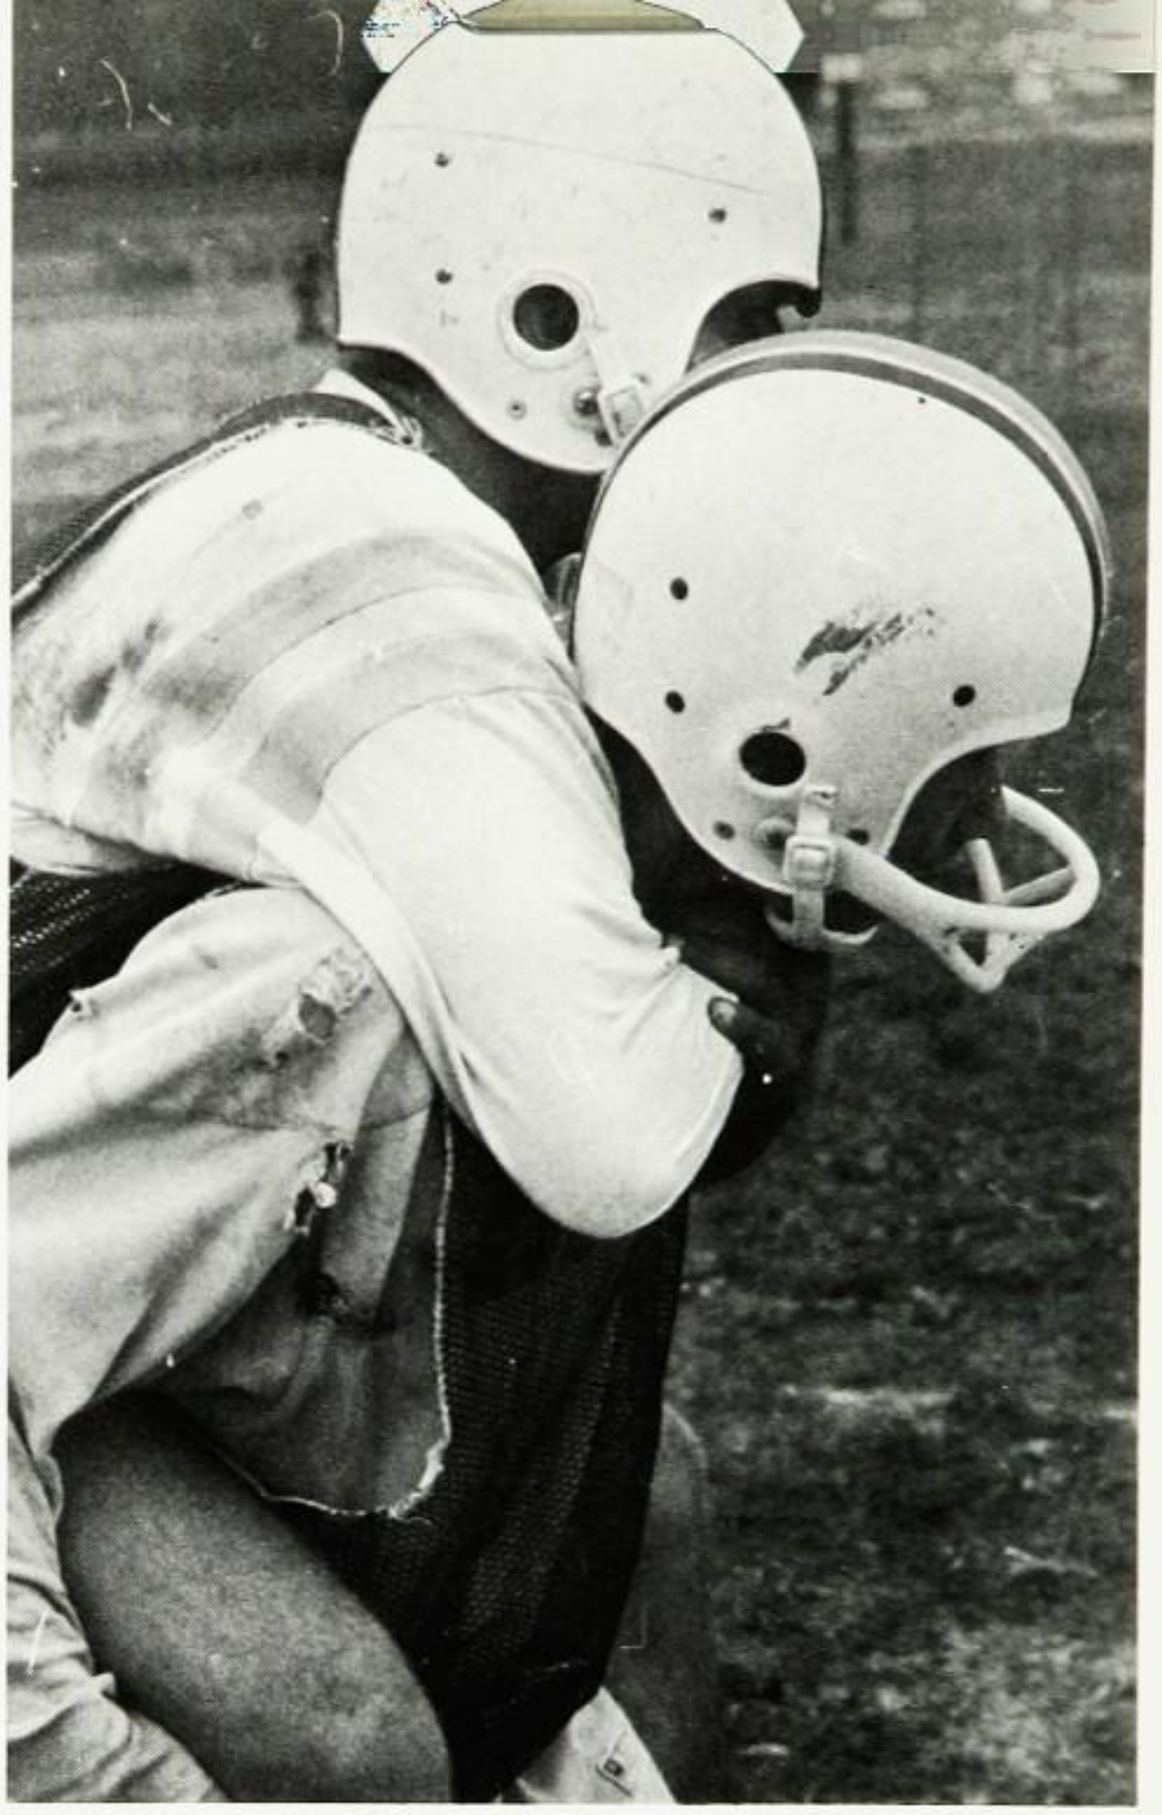
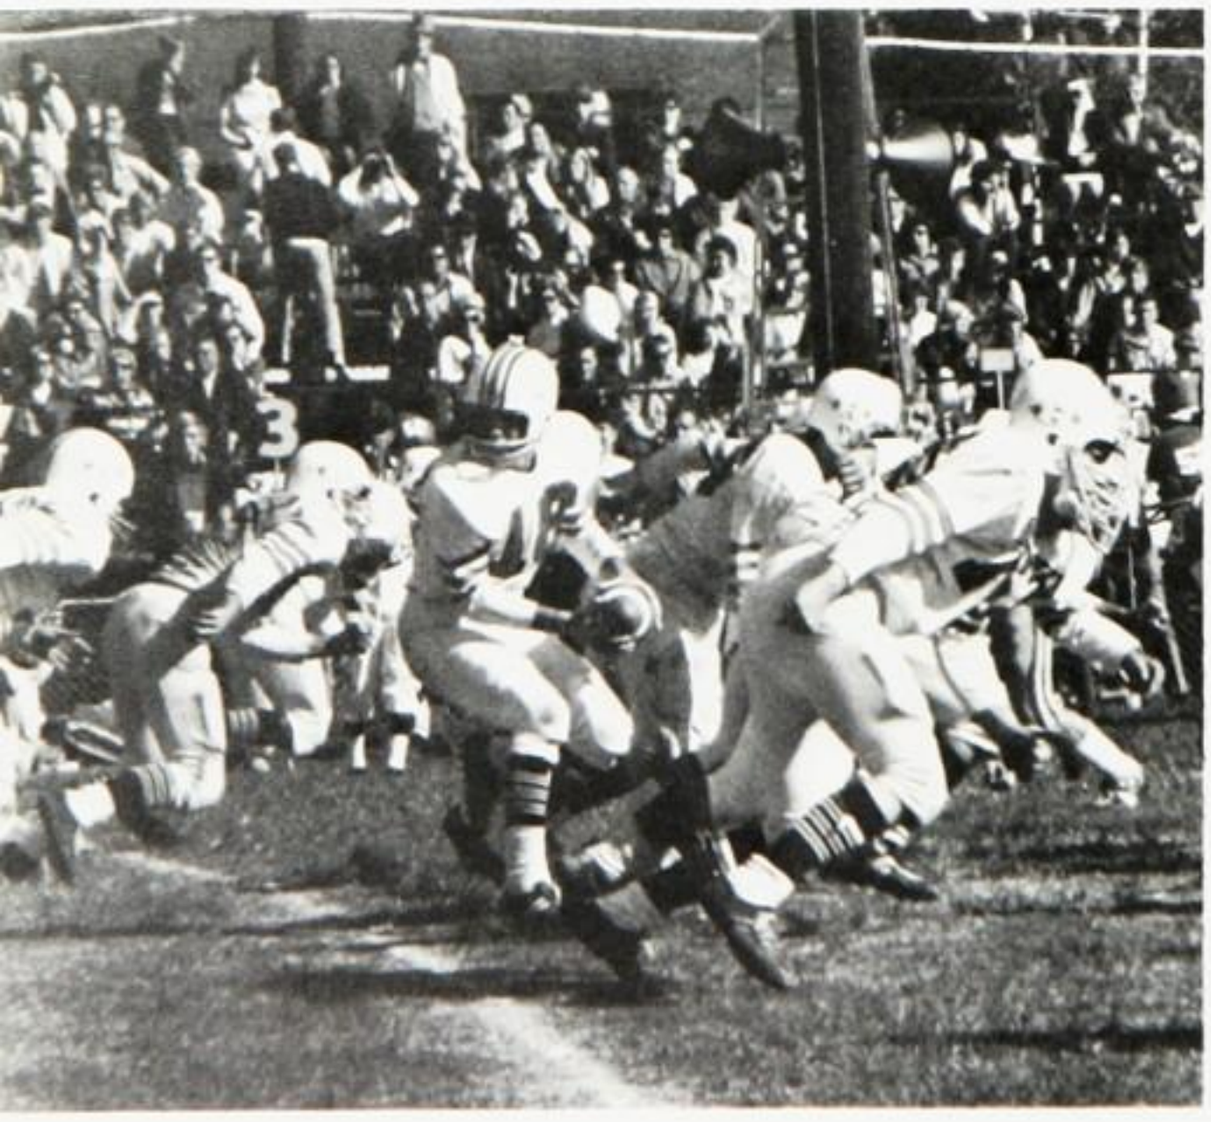
Appreciation should be given to the musicians and singers of Ritenour. In taking time to do so, they have projected some of their best talents. We should be proud of the talent Ritenour possesses.









Ritenour

players go all out

to make football

an exciting sport.

Teamwork and practice with large portions of fun and friendship are vital to the success of our outside activities. We work, we learn . . . together.

To make our activities successful much time and effort is contributed by the students. They forfeit their spare time to make the activities more enjoyable.

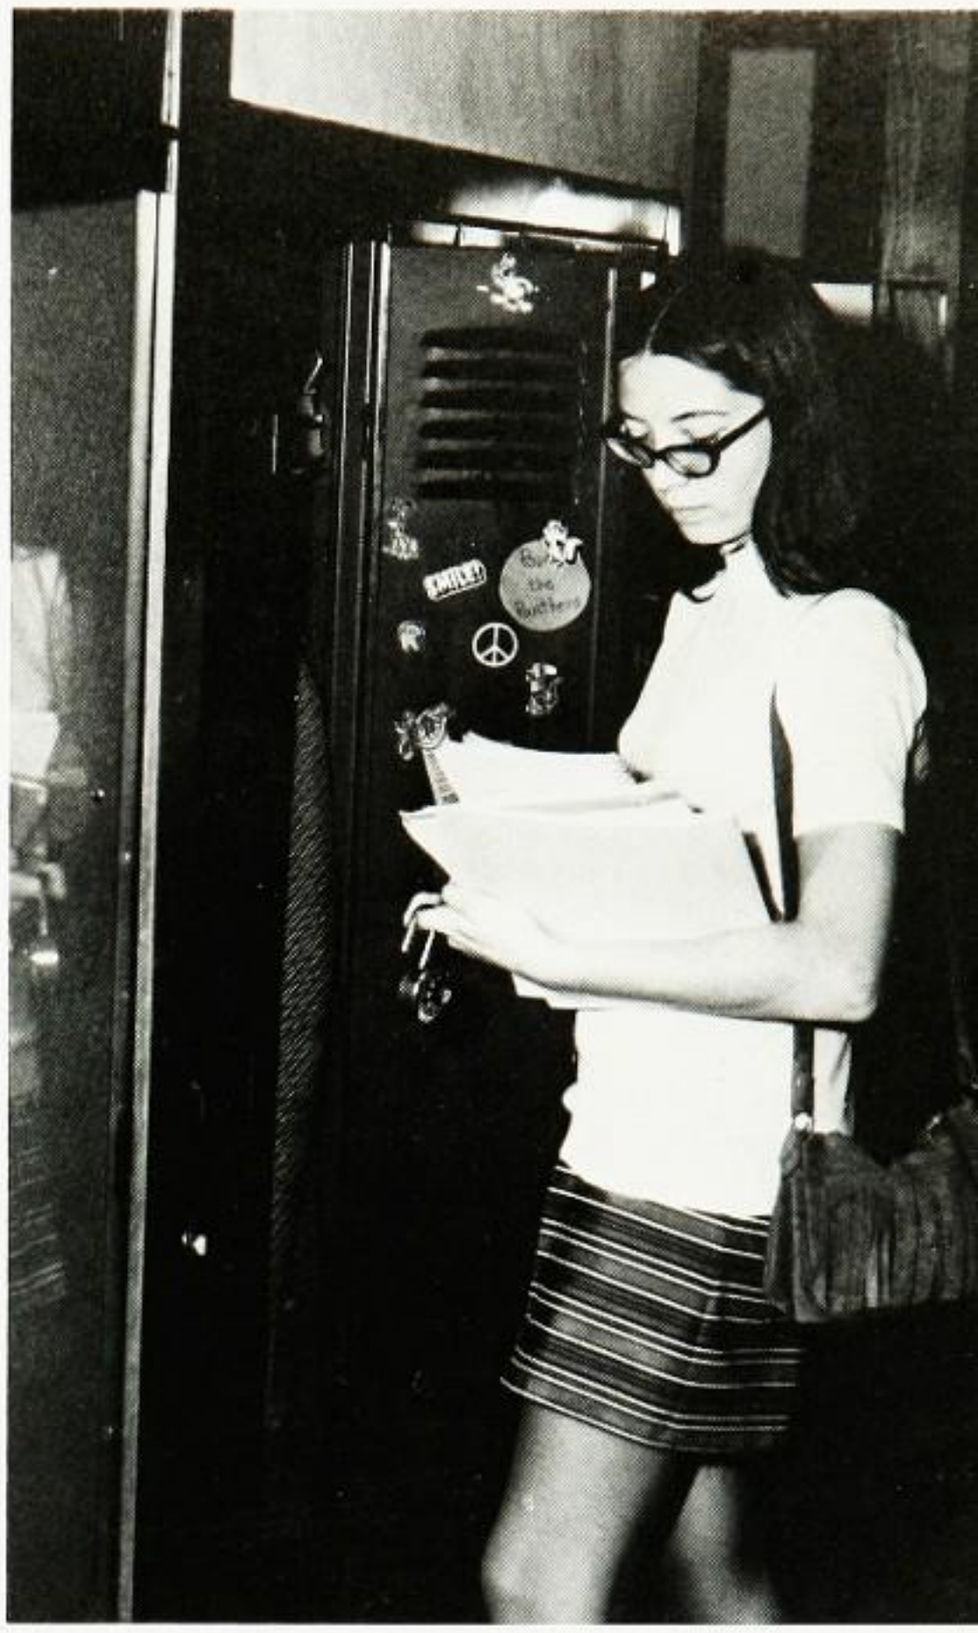
Spirit is shown throughout the school in many ways.

Most students take part in after-school activities. There is a wide range of activities: like sports for boys and girls, clubs, organizations used for entertainment and more. These clubs are a part of school, but do not necessarily take place at the school. Because they are held over a wide area, this makes Ritenour well-known.



The faculty as a unit gives the learning process its upward momentum. Each student is able to better understand and learn when asking questions, and gaining knowledge from the answers given. Guidance, as well as Administration help in the learning by giving the students an insight to new possibilities in learning.

This years' class has added to the overpopulation of the halls. They say that you can always notice a sophomore in a crowd and it's true because they're the ones mouthing the Alma Mater. But, the sophomores do bring new talent and it shows in all aspects of school.

The seniors this year really are super. Considering what happened at the beginning of the year, who would have thought that they would graduate.

By playing it cool and showing spirit, they kept going for an optimistic year.

No one can know the thrill when you drive down the court for the next two points. Your teammates are around you, but you know it all depends on you. You shoot and the ball seems to move in slow motion. It glances off the board and drops in. You feel great because you know you helped win the game.

To support this, Ritenour AFS sponsors a yearly banquet and talent show with other money-raising projects

RE:

Thanks for saving me the page because I'll need it

Well, another fantastic school year has gone by, and to think that next year is our last year that we will tread the halls of our dear school Riteraur. It's a saddening thought but yet it will be our best year since we left good ole Our Redeemer. Who could ever forget that 4 room school! We've come a long way since then. (Our language proves that!!) You know Kasten and the two Doc Roxs' kinda resemble each other in personalities and the fact that I can't stand the 3 of them. Remember my New Year's Eve Party? (How could you forget!) When you and John were trying to pass the orange! I never laughed so hard in my whole life! Between you and me we should buy a factory that produces mirrors and luck because we each got about 14 years of bad luck comin' our way. For our locker next year let's make some fancy decorations and really dress it up! I'm just about near the end of the page. I know that you know (kinda confusing) that you're the <u>best</u> friend I have and I hope we stay that way for a long time. You've been my crying shoulder and good ear for a long time and especially this year. I hope life will treat you good and you and that <u>special guy</u> make it. You're sweet, kind, very generous, and a <u>NUT</u>! What more could I want from my best friend and locker partner? Love,

Linda "72"

Backwards Dance '71

Has Women's Lib been alive and flourishing at Ritenour all this time? So it seems, if one carefully examines one of Ritenour's traditional frolics, the annual RGAA Backwards Dance. This event gives the women of Ritenour an opportunity to take the lead in the business of dating, as they assume the role of escort for the evening. Turnabout is fair play, and the boys don't seem to mind, especially since the girls are footing the bill.

The members of the court are R. Earp and C. Smith; D. Sabath and J. McDermott; D. Todd and L. McNamee; B. Morrow and L. Russell; D. Miller and K. Harding; B. Heady and V. Salzman; S. Langguth and J. Metzner; C. Loew and T. Lumar; J. Cook and M. Brandenburg.

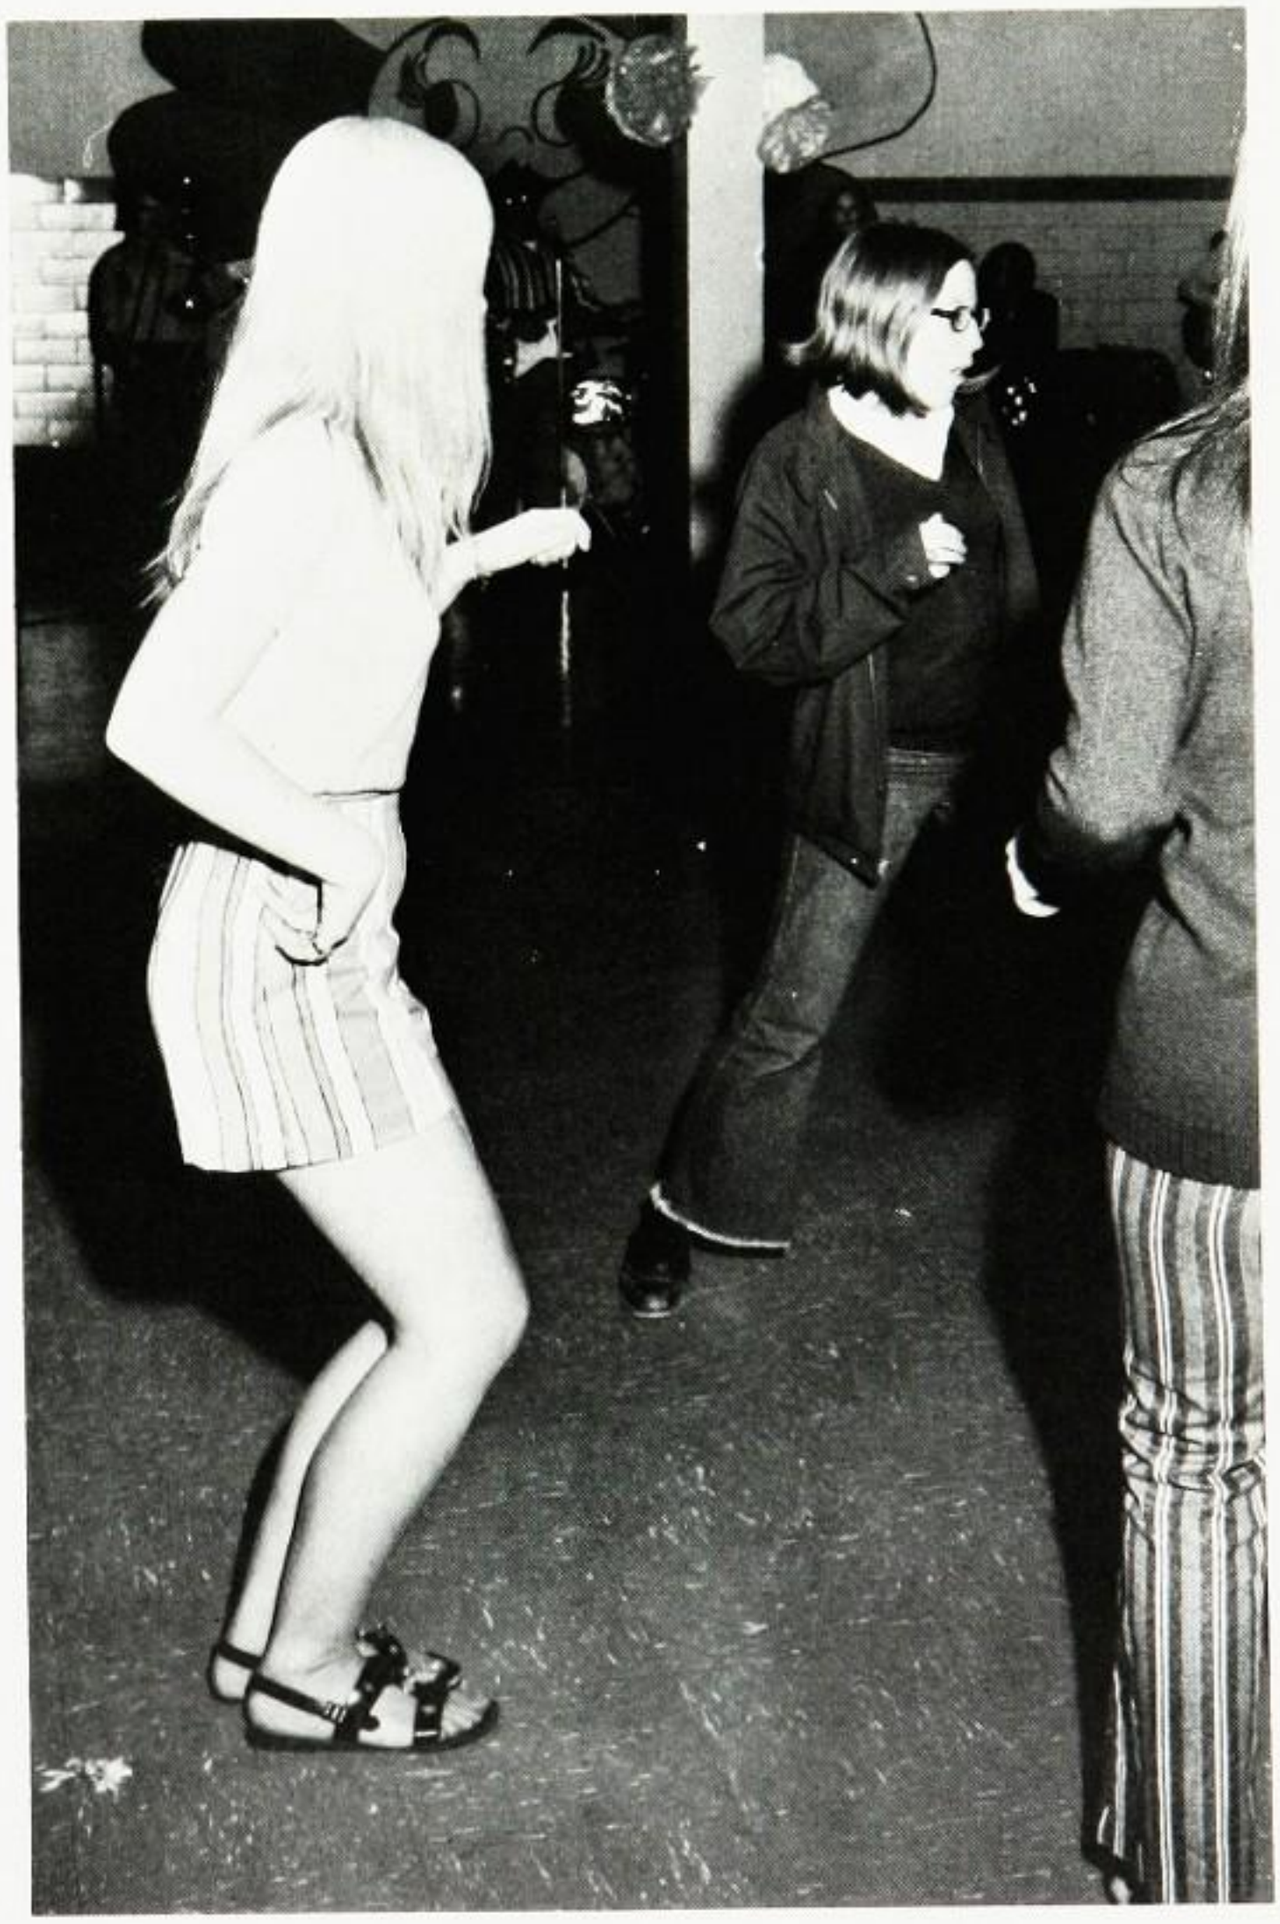
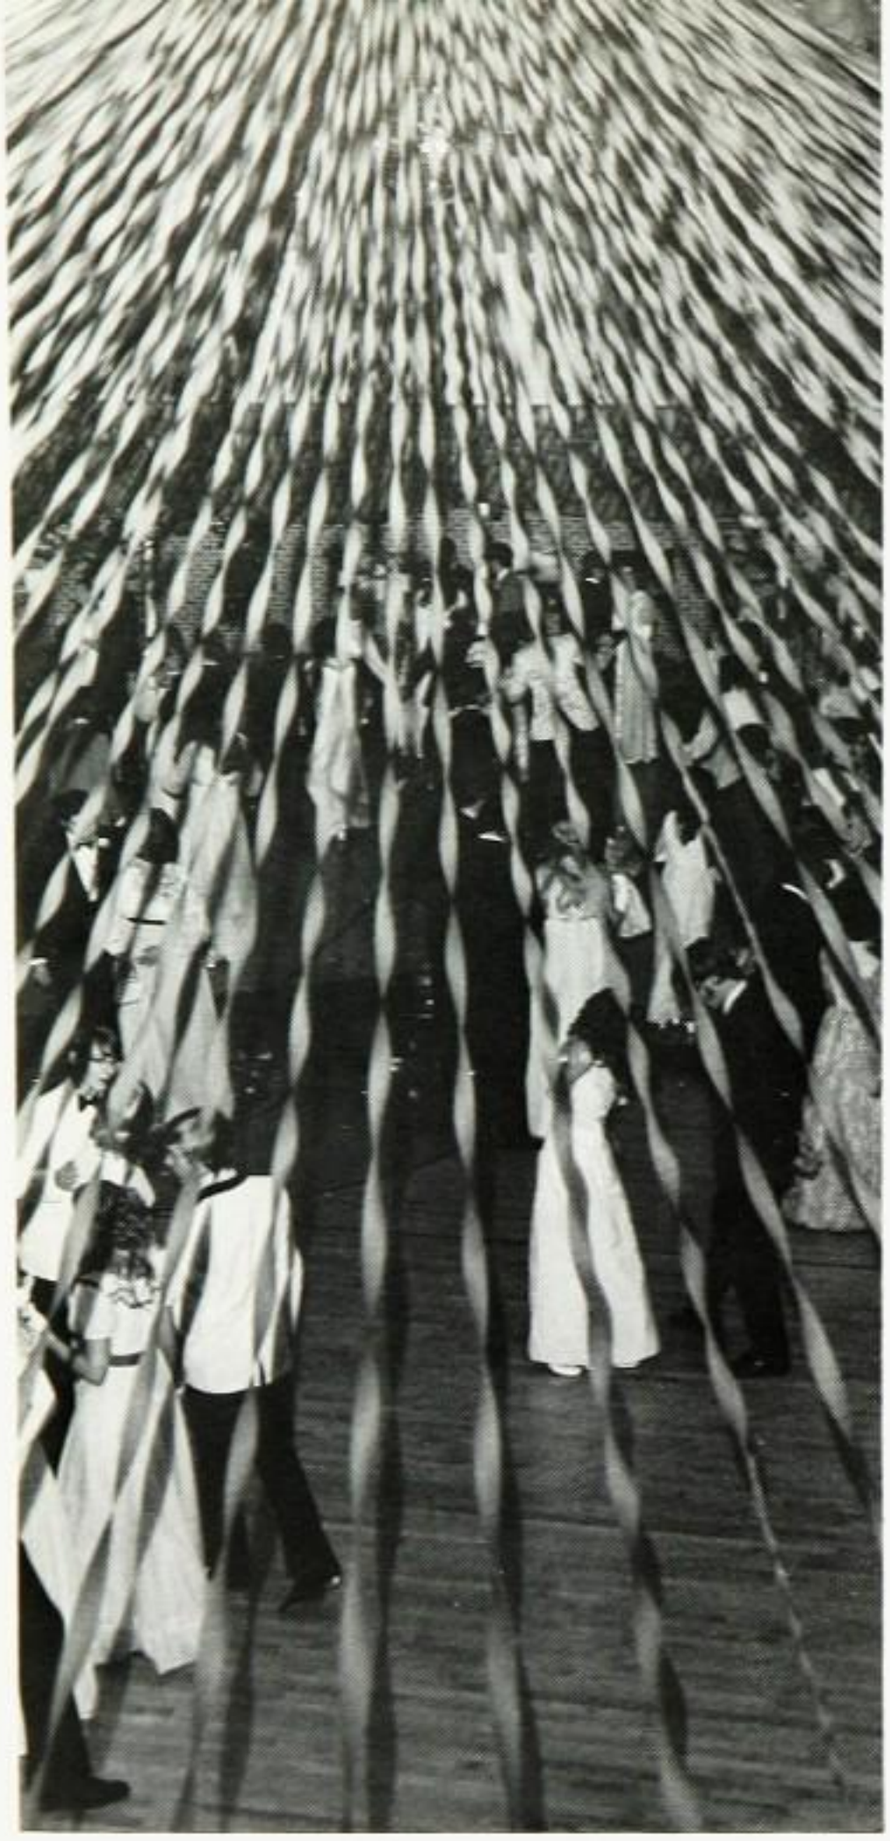
"Hey, they spelled my name right."





It's 8:00. The gym is crowded, full of excited whispers and the rustle of long skirts. Hours of work have transformed the field house into a fitting setting for the evening of magic and excitement that is Prom.

Prom court: Carol Bowman, Rick Wohlschlager; Markie Clayton and escort; Lynn McNamee, Dan Todd; retiring queen, Jeri Buerman, and escort; Jane Kinnaman, Mike Hanny; Margie Buss, Dennis Orando.
